

BUFFALOAM™

ALL NATURAL
100% ORGANIC

BuffaLoam Product Information Sheet

Soil Alive™ Premium Enhanced Soil Amendment

Introducing the Ultimate Growing Media Base for **Specialty Gardeners and Indoor Growers!** Soil Alive is naturally packed with high levels of Organic Matter and Humus. To that we've added Lignite-based Humates, Endo-Ecto Mycorrhizal Fungi and more to give it a superior blend of Organic Growing Components.

Soil Alive™ Helps:

- Increase soil fertility through premium organic matter and humus
- Improve soil structure
- Increase activity of ion exchange capacity
- Increase water saturation
- Increase biological activity of soil media
- Increase nutrient uptake with additional humates

Organic matter is the key ingredient for healthy soils that are highly productive. BuffaLoam Soil Alive averages **over 40% Organic Matter**. Add Soil Alive to your custom blend and improve your growing efficiency.

Ingredients: BuffaLoam Organic Buffalo Compost, Sea Kelp, Endo and Ecto Mycorrhizal Fungi, Rock Phosphate, Humates, Yucca Extract

Usage: Generously **top dress** any indoor or outdoor soil or planting medium with BuffaLoam Soil Alive or mix at a ratio of *no more than* 1 part Soil Alive to 4 parts soil or planting medium. Replenish with Soil Alive as needed. Store in a cool, dry place.

All BuffaLoam products are OMRI Listed and tested under US Composting Council Testing Assurance Program.

Product Net Weight: 20 lbs.

Pallet Configuration: 16T X 4H = 64
