BuffaLoam Product Information Sheet

New! Soil Booster™ 1-1-1

BuffaLoam Soil Booster 1-1-1 is the additive you need for improving your soil productivity. It helps repair and restore soils with concentrated premium Organic Matter, Humus, Endo-Ecto Mycorrhizal Fungi and Yucca Extract. Blend it into any high quality growing media, inside or outdoors. The home hobbyist dream blend.

BuffaLoam Soil Booster

- Improves soil structure and condition your soils
- Exponentially increases Organic Matter and Humus in your soil
- Increases soil fertility
- Increases water holding capacity – use less water
- Holds nutrition in a non-leachable form for your plants

Organic Matter and Humus are the *KEY* to *healthy productive growing*. Your growing media and soils are more productive with BuffaLoam Soil Booster!

Ingredients: BuffaLoam Organic Buffalo Compost, Endo-Ecto Mycorrhizal Fungi and Yucca Extract.

Easy To Use

1. **Sprinkle or top dress** BuffaLoam on your outdoor growing areas, or the soil in your potted plants. Watering will carry the nutrients into your soil. Repeat the application as your local conditions require.
2. BuffaLoam will revive even ruined and barren soils.
3. Use BuffaLoam for potting and repotting house and flowering plants. Use a ratio of 4 parts soil to 1 part BuffaLoam.

Product Net Weight: 20 lbs.
